

Do It Today

Verse1:

Stumbled into my poor old digs the time was three o three o three
Thought I had a song to make didn't know if it could be
Had to get it down if you don't use it you loose it you choose it
Wasn't much but I depend on me

Verse 2:

Sat down at the poor old keys and I tried to work it out
Wasn't easy wasn't hard but I was damn sure full of doubt
Get A piece here a piece there from who knows where so why care
Just do it you do it thats what you share.... cause there's a reason

Chorus:

There's a reason there's something I gotta say
Don't know why put I just gotta play
If I don't do it now it might get away
Don't put off for tomorrow
Just do it today,do it today, do it today

Verse 3:

Just sat there stuck in the key of C
Looked around the place what was there to see
The place is a mess, it's a test to be best then all the rest
