

Lunch With A Fat Woman

Verse 1

As we meet tonight
our time for another session
The blends just right
and the stress it lessens
We'll meet at the yard
Scully has some incense burning
Playing's not so hard
when you have such a yearning

Chorus:

The time goes by
the band plays on
Join me for lunch
lunch with a fat woman

Verse 2

Though we're not the same
in thought and situation
When we play together
it's such a fine vibration
So relax, enjoy my friends
get into the tune
Our jamming time together
will end all too soon

Chorus:

Verse 3

It was hard to get
where we are today
A little rough and rocky
but an easy price to pay
So we'll part our ways
after another session
We'll meet back next time
with a new progression

Chorus:
